

*"Smash a mirror, clean it up,
For seven years, you'll have bad luck.
Enter the mirror, explore it's world,
Idé my dear, you unlucky, little girl ..."*

Idé, her mother & her elderly carer have just escaped the bustling city & moved into a dusty old house in the middle of nowhere for a fresh start. But the young Idé suddenly cannot shake the feeling that she's being watched.

When she stumbles upon a strange mirror in the attic of her new home, Idé didn't anticipate that it would try to take her very soul.
